

What happens when your Accounts Payable process *knows* how to run...

**When AP runs smarter, the whole business runs smarter.
Costs are lower. The process is faster.
Everyone is happier.**

Take our Invoice InfoCenter and automated workflow, for example. You gain visibility into your AP spend, can answer vendor inquiries immediately, and take advantage of discounts. You can even get invoice status at any point in the process, including exception handling and approvals.

Dolphin's unmatched SAP® experience means that we work faster to leverage your current investments and deliver the smart AP solutions your business needs to lower costs, streamline processes, mitigate risk and give you more control.

Our flexible solutions let you trust that your process is the right one, so you can stay focused on managing your business.

Dolphin. Your solutions. *Faster.*
